

# IMPRESSIVO® socket outlets

## Color coded socket outlets for special installations

The Impressivo series completed with color coded flush and surface mounted socket outlets. The socket outlets are intended for installations where applications can be guided color coding like in hospitals, data-centers and supermarkets. The colors are based on an application of IEC60364-7-710:2002. "Electrical Installation of buildings. Requirements for special installations or locations – medical locations."

Flush mounted outlets are delivered without frame, Surface mounted outlets are delivered complete. Outlets are IP21, shuttered and equipped with screwless terminals.

Type	Description	Package
