

IMPRESSIVO® socket outlets

Flush-mountable 2-gang outlet with lid

The Impressivo range of accessories receives a new flush-mountable 2-gang grounded socket outlet. Available in white, aluminum, and anthracite, the outlet can be both flush and surface mounted individually or in combinations.

The product package includes a center plate and the outlet insert with screwless branching terminals. The product's protection rating when flush-mounted on a smooth surface is IP21. Protection level IP44 can be achieved by using seal 2464 when flush-mounting the outlet onto a rough surface. The protection level of the socket outlet when surface-mounted with a cover frame and bottom plate is IP44 if the wires are connected as instructed.
